

URelle™-Crete urethane cement

URelle™-Crete is a urethane cement system for concrete floors that provides facilities with high-performance, high impact floor protection. URelle™-Crete offers excellent defense against physical abuse, thermal shock and a wide range of chemicals. It is ideal for pharmaceutical, chemical and food & beverage facilities (including meat processing, dairy and commercial kitchens), or other facilities where durability is of major importance.

Durable

- Highly resistant to impact & abrasion
- Suitable for both wet and dry areas
- Withstands thermal shock
- Chemical resistant
- Non-slip surface

Efficient & Sanitary

- Hygienic – non-porous surface
- Resistant to chemical cleaning and intense hot/cold water cleaning
- Cures quickly for minimal downtime

Sustainable

- Low odor
- Near-zero VOC

URelle™-Crete: The Durability You Need

URelle™-Crete is a three component urethane cement system ideal for facilities where floors are exposed to wet processing, high-temperature cleaning, chemical contamination, mechanical abuse and/or heavy traffic. URelle™-Crete holds up to extreme conditions—such as thermal shock associated with steam cleaning and hot water discharge—and provides excellent protection against a wide range of both cleaning and processing chemicals. It meets USDA/FDA standards.

URelle™-Crete is available in multiple colors and is supplied in several grades with varying textures and thicknesses ranging from 1/8” to 3/8”.

DSM: Bright Science. Brighter Living™

URelle™-Crete is a product of Royal DSM N.V., a global science-based company active in health, nutrition and materials. DSM is a trusted leader in delivering innovative solutions that nourish, protect and improve performance in global markets such as food and dietary supplements, personal care, feed, pharmaceuticals, medical devices, automotive, paints, electrical and electronics, life protection, alternative energy and bio-based materials. DSM manages its business with a focus on the triple bottom line of economic performance, environmental quality and social responsibility, which it pursues simultaneously and in parallel.
