**Medical Collagen Supply**

Purified native collagen, carefully and dependably sourced from closed-herd cattle

**Time Tested**
DSM has been producing high quality medical-grade collagen products for **over 30 years**

**Clinician Trusted**
**30+ Million devices** sold and implanted using DSM Collagen

**Partner Approved**
DSM is the **chosen partner** for the **top 5** medical device companies

**Applications**
- Sheets
- Coatings
- 3-D structures
- Sponges

**Collagen Functions**
- Binds growth factors\(^1\), \(^4\), \(^5\)
- Absorbs Fluid\(^2\), \(^3\)
- Clots Blood\(^2\), \(^3\)
- Enhances elasticity\(^6\)
- Provides tensile strength\(^1\), \(^6\)
- Promotes tissue repair\(^4\)
- Creates structural scaffold\(^1\)
- Stimulates cell proliferation\(^2\)
Tailor the flowability, drapability, and injectability of our collagen for your desired clinical application.

Benefit from animal source traceability, on-time supply, and access to other DSM materials, products, and services.

Rely on purified Type I Collagen.7

Acid Soluble Collagen Powder, Lyophilized

- Available in 25 g and 100 g quantities.
- For use within pH 2-8 at room temperature
- Soluble collagen enhances flowability and cohesiveness

Fibrous Collagen Powder, Lyophilized

- Available in 25 g and 100 g quantities.
- For use within pH 2-8 at room temperature
- Fibers reinforce structure

Product Disclaimer
The description by DSM Biomedical of the characteristics and properties of its products and services as contained in this brochure is for general information purposes only, and may not be relied upon in individual situations. All materials offered by DSM Biomedical are supplied under a contract containing detailed product specifications, and the user shall be exclusively responsible for, and shall bear full responsibility for the consequences of, (i) whether or not the product is suitable for use in the devices (or for any other (authorized) use that customer may wish to make of the product), and (ii) whether the product specifications are sufficient and sufficiently well defined in order for the product to be fit and suitable for use by user. User undertakes to keep itself actively informed as to developments in the relevant fields of its applications.
