

SO YOU THINK ALL HMPE IS THE SAME?

It's not, and here's why... 3 things to consider:

1. **TRUST**

2. **RELIABILITY**

3. **LIFETIME**

TRUST

Dyneema[®] outperforms all other HMPE in measured strength.

While the others claim to be equivalent. What would you rather trust: measurements or claims?

LIFETIME

A rope made with SK78 will last significantly longer than a rope with other HMPE.*

Dyneema[®] massively outperforms all other HMPE in creep lifetime comparison.

CREEP LIFETIME

*Under equal load and temperature.

Feel secure. Only with Dyneema[®].
